ACCORD MUPRAS : _____

A diagram of a circular arrangement of 32 teeth, likely from a fish. The teeth are numbered 1 to 8 on each side, with 1 being the central incisor and 8 being the outermost molar. The diagram is divided into four quadrants by a vertical line (labeled 'Haut' at the top and 'Bas' at the bottom) and a horizontal line (labeled 'D' on the left and 'G' on the right). The teeth are arranged in a circular pattern, with the central incisors (1) at the top and bottom, and the outermost molars (8) on the left and right sides.
