A diagram of a human dental arch, likely a maxillary (upper) arch, viewed from the front. The teeth are numbered 1 through 8 on both the left and right sides of the midline. The numbering starts with 1 at the central incisors and increases to 8 at the molars. The diagram is divided into four quadrants by a vertical midline and a horizontal line passing through the center of the arch. The quadrants are labeled with letters: 'D' on the top-left, 'G' on the top-right, 'B' on the bottom-left, and 'C' on the bottom-right. The teeth are shown in a simplified, schematic style with some shading to indicate depth.

This image shows a single sheet of white paper with horizontal blue ruling lines. There are two vertical red margin lines, one on the left and one on the right, creating a central writing area. The paper appears to be from a notebook or binder.
