ACCORD MUPRAS : Date d'embauche le 23-10-2023 ✓

A diagram of a human dental arch, likely a maxillary (upper) arch, viewed from the front. The arch is divided into four quadrants by a vertical line and a horizontal line. The quadrants are labeled: 'Haut' (top) at the top, 'Bas' (bottom) at the bottom, 'D' (left) on the left, and 'G' (right) on the right. The teeth are numbered 1 through 8, starting from the center (midline) and moving outwards to the sides. The numbering is as follows:

- Top (Haut): 1 (center), 2, 3, 4, 5, 6, 7, 8 (sides).
- Bottom (Bas): 1 (center), 2, 3, 4, 5, 6, 7, 8 (sides).
- Left (D): 1 (center), 2, 3, 4, 5, 6, 7, 8 (sides).
- Right (G): 1 (center), 2, 3, 4, 5, 6, 7, 8 (sides).

 The diagram shows the general shape and relative positions of the teeth, with the central incisors (1) being the most prominent and the molars (6, 7, 8) being the largest and most complex in shape.

OBSERVATIONS : _____

[illegible][illegible]

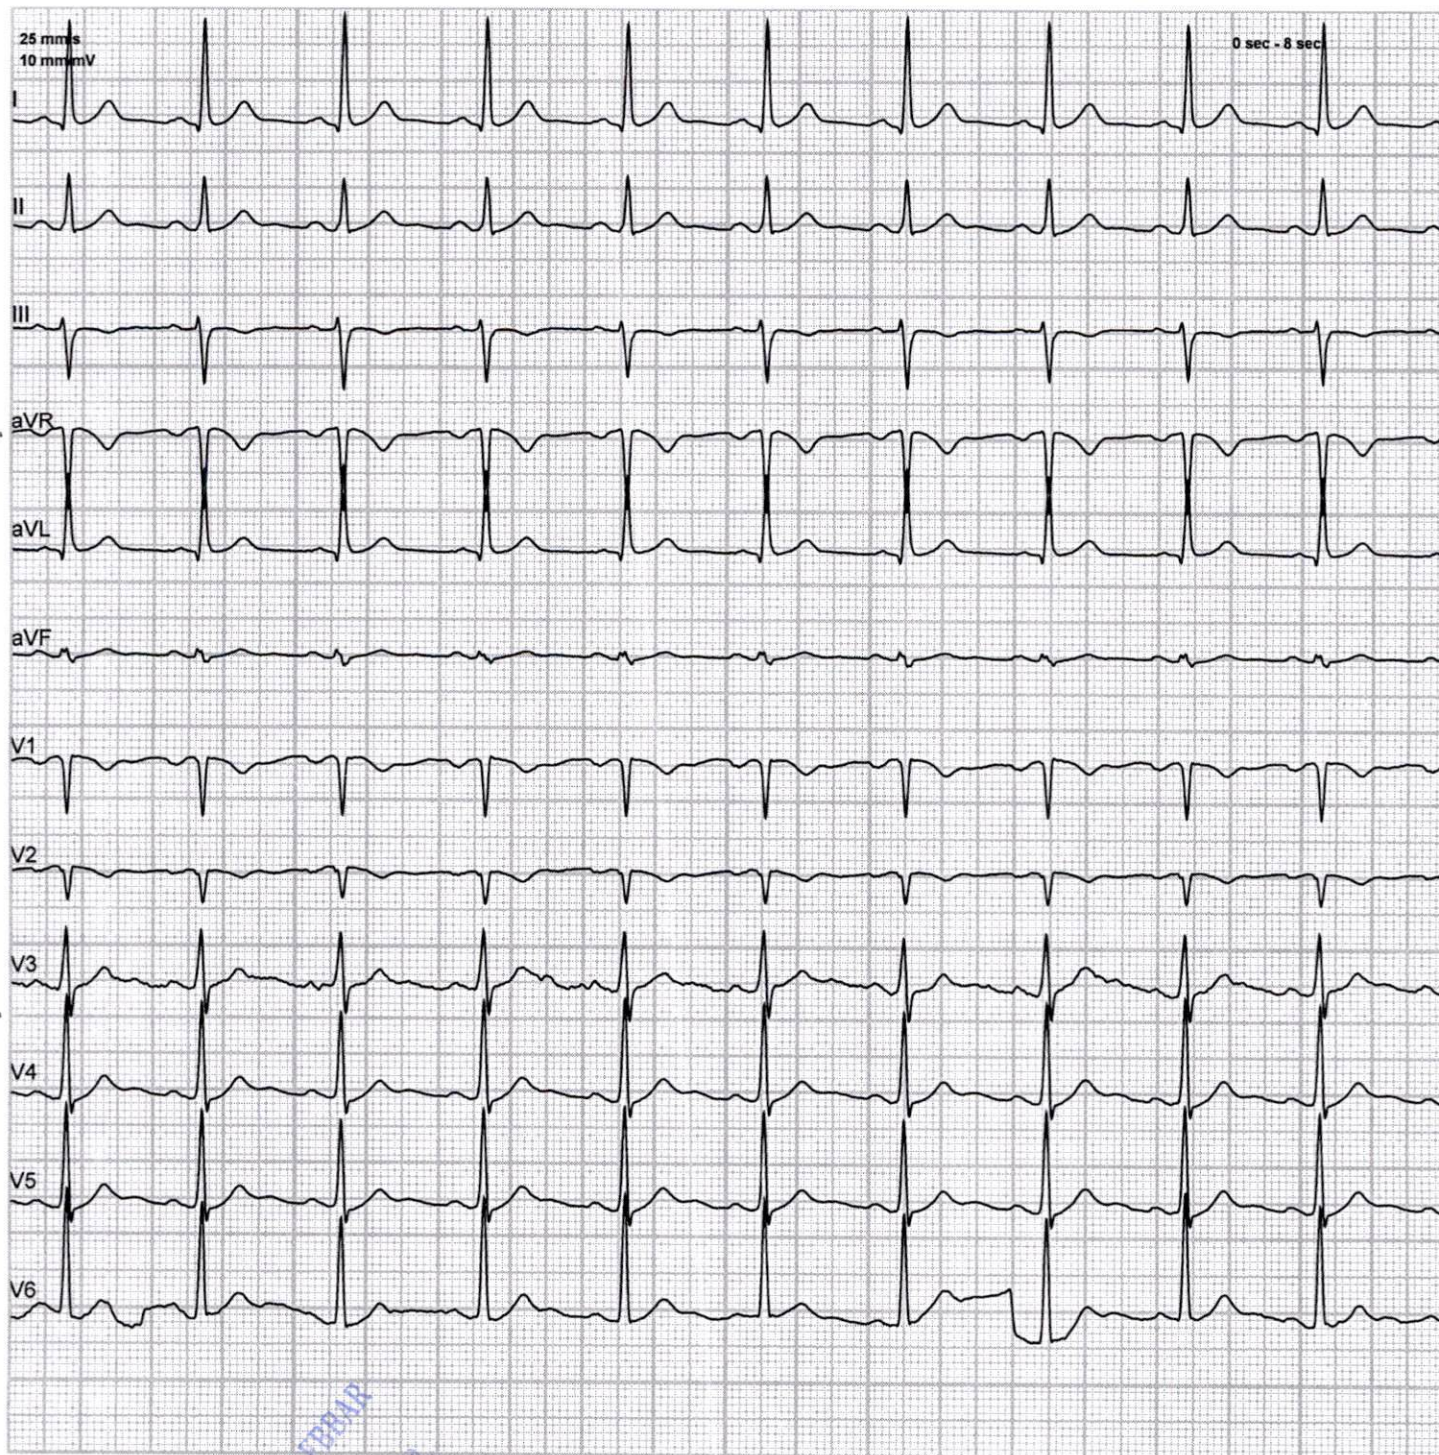

Patient name: AMINE MOUDNI
Patient birthdate: 1999-01-01
Doctor name: MOHAMMED LEBBAR

Patient code: 457LK
Patient sex: Male

Institute name:
