A diagram of a human dental arch, likely a maxillary (upper) arch, showing the arrangement and numbering of teeth. The arch is divided into two halves by a central vertical line. The teeth are numbered 1 through 8 from the center outwards on both sides. The central incisors are labeled '1', the canines '2', the premolars '3', the first molars '4', the second molars '5', the third molars '6', the fourth molars '7', and the fifth molars '8'. The diagram is labeled 'H' at the top center and 'G' at the top right. The lower arch is also shown, with teeth numbered 1 through 8 from the center outwards on both sides, labeled 'B' at the bottom center and 'G' at the bottom right.
