A diagram of a human dental arch, likely a maxillary (upper) arch, showing the arrangement of teeth. The teeth are numbered 1 through 8 on each side, starting from the central incisors (1) and moving laterally to the molars (8). A vertical line runs through the center, and a horizontal line separates the upper arch from the lower arch. The lower arch is also shown, with teeth numbered 1 through 8 on each side, starting from the central incisors (1) and moving laterally to the molars (8). The diagram is labeled 'G' on the right side.

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There is no handwriting or printed text on the paper.
