Antécédents :

A diagram of a human dental arch, likely a maxillary (upper) arch, showing the arrangement of teeth. The teeth are numbered 1 through 8, starting from the central incisors (1) and moving outwards to the molars (8). The diagram is symmetrical about a vertical midline. The central incisors are labeled '1' on both sides. The canines are labeled '2', the premolars '3', the first molars '4', the second molars '5', the first premolars '6', the second premolars '7', and the third molars '8'. The diagram is divided into four quadrants by a vertical and a horizontal line. The quadrants are labeled with letters: 'H' at the top, 'G' on the right, 'B' at the bottom, and 'J' on the left.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins or other markings visible.

[illegible]
