A diagram of a human dental arch, likely a maxillary (upper) arch, viewed from the front. The teeth are numbered 1 through 8 on both sides, starting from the central incisors (1) and moving outwards to the molars (8). The diagram is divided into four quadrants by a vertical line (H) and a horizontal line (D). The labels H, D, G, and B are positioned at the corners of the quadrants. The teeth are shown in a simplified, schematic style with black outlines and some internal shading to indicate cusps and roots.

This image shows a single sheet of pink paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There is no handwriting or other markings on the paper.
