Antécédents :

A diagram of a human dental arch, likely a maxillary (upper) arch, showing the arrangement of teeth. The teeth are numbered 1 through 8, starting from the central incisors (1) and moving outwards to the molars (8). The diagram is symmetrical about a vertical midline. The teeth are shown in a simplified, schematic style, with labels 1, 2, 3, 4, 5, 6, 7, and 8 indicating their positions. The central incisors are labeled 1, the canines 2, the premolars 3, the first molars 4, the second molars 5, the first premolars 6, the second premolars 7, and the third molars 8. The diagram is divided into four quadrants by a vertical and a horizontal line. The quadrants are labeled with letters: 'D' on the left, 'G' on the right, '1' at the top, and 'B' at the bottom.

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There is no handwriting or printed text on the paper. A vertical crease is visible down the center, suggesting it was once folded. The lighting is even, and there are no significant shadows or artifacts.

[illegible]
