A diagram of a human dental arch, likely a maxillary (upper) arch, viewed from the front. The teeth are numbered 1 through 8 on both sides, starting from the central incisors (1) and moving outwards to the molars (8). The numbering is symmetrical. The diagram is divided into four quadrants by a vertical line (midline) and a horizontal line (intercusp line). The quadrants are labeled with letters: 'D' at the top-left, 'G' at the top-right, 'B' at the bottom-left, and 'B' at the bottom-right. The teeth are shown in a simplified, schematic style with some shading to indicate depth.
